

1 Lake Police Department, the ATF, my military chain of command, ex-partners, and anyone who reads his
2 social media rants. This behavior ramped up after I ended our relationship at six months and moved all my
3 belongings out of his apartment.

4 Prior to filing the 2022 Anti-Harassment Protection Order I was contacted by Apple Employee
5 Relations at Apple (my employer) that a claim was made that I was using Apple tools to stalk a concerned
6 person. Claims of stalking were also made to the Liberty Lake Police Department. Each of the claims were
7 investigated and ultimately deemed unfounded. Although unfounded, the process of defending myself
8 against the claims was extremely stressful and unnerving. Rick has reached out to me a few times during the
9 past 14 years, and I've blocked him without responding each time. On June 6, 2022, I sent Rick an email that
10 my family and I made no attempts to contact or surveil him, physically or electronically, and asking him to
11 cease and remove any reference to me or my family from all platforms, and to cease any contact with me or
12 my family. The email did not have the peaceful resolution I'd hoped it would have and I ultimately ended up
13 hiring counsel and filing for the Anti-Harassment Protection Order. I've had zero contact with Rick since the
14 2022 Anti-Harassment Protection Order was put into effect. At the time, the order seemed to have the desired
15 effect of ceasing Rick's cyberstalking of me, and I happily lived my life with that extremely difficult time behind
16 me.

17
18 On or about July 1, 2026, my sister-in-law contacted me after speaking with my ex-husband (Not
19 Rick), that Rick had made many Facebook posts about me and was continuing to do so. These threatening
20 posts are aggressive, and he often invokes his "followers" to threaten me as well. I have no idea what caused
21 Rick to start posting about me again after years of no contact, but I am truly concerned for my physical safety
22 and professional reputation. Rick's Facebook profile is public so anyone can see the vile and false claims he
23 makes regarding me and my family. They even made it to my sister-in-law. I provided my attorney with 179
24 screenshots of Rick's public Facebook page and out of those 82 screenshots mention me by name. The other
25

1 posts are often incoherent, but easy to deduce he has chosen me as the target of his delusions. Of the 82
2 screenshots where my name is listed, he makes claims that I stole his wallet and caused his Fentanyl
3 overdose, that I'm paying his family off to cause harm to him including paying his brother to build an airstrip to
4 land a plane he thinks I have (I don't have a pilot's license let alone an airplane), and that I pretend to be him
5 online so I can answer emails and texts. All those claims are completely false.
6

7 Rick has no problem with posting potentially embarrassing, albeit false, medical conditions that he
8 claims I have either given him or caused him to have. I do not have HIV or suffer from priapism nor am I the
9 cause of his conditions. In another post Rick implied that I stole Ketamine from the MultiCare Indigo Urgent
10 Care in Liberty Lake, WA, which absolutely never happened. It seems he believes that I am in collusion with
11 his family in a plot against him. I recently learned that Rick's father, Brian Wayne Penwell, has a Domestic
12 Violence Protection Order dated March 9, 2026, against Rick including the order of "no commenting on social
13 media, no threats to employment." I am not in collusion with his family, nor do I have any contact with his
14 family.
15

16 The most disturbing posts are where he accuses me of horrific crimes. In three separate posts he
17 details how he thinks I assaulted and ultimately killed Alex Mentele. I believe it goes without saying that I had
18 absolutely nothing to do with Alex's untimely death in 2012, but I feel as if I need to defend myself against
19 these allegations made by Rick. In multiple other posts he claims that I have murdered children and in one he
20 says, "Do wonder if DJT wants to be publicly known for assisting Rob murder children". I don't know why he
21 insists on making me the villain of his stories, but I just want him to stop. When I dated Rick in 2012, he was
22 manipulative and sneaky but now it seems he is extremely unpredictable and mentally unwell. It's terrifying to
23 know that someone can just put whatever thought comes into their head and post on social media like it has
24 no consequences to someone else's life.
25

1 I'm afraid for my physical and professional safety due to Rick's rantings on Facebook and other
2 social media outlets that I may not be aware of at this time. I am exhausted by Rick's cyberstalking and
3 harassing behavior. For the past three years I've been living my life like an everyday person and then to be hit
4 by this out of the blue makes no sense to me. Rick knows I want no contact with him. It's frightening to think
5 that there is someone actively making abhorrent claims online against me and feeling like there is nothing that
6 I can do to stop him other than seek another Anti-Harassment Restraining Order. I ask the court to grant my
7 Petition for an Anti-Harassment Protection order against Richard Mark so I can get back to living my life in
8 peace. I am as well asking that the court order him to delete the posts that name me by name or discuss me
9 from all social media platforms. These are very serious allegations and can have really serious
10 consequences.

14 correct.

Amazing how I call out the two weeks of issues (my assumption is Rob trimex used) and suddenly they stop... funny how his abusive shit ends with the legally germane discussion of his ED

When the room is clean and it's not back - that little seaplane will be part of the police report

Best part is one of them is now found, but it's the spare that went missing months and months ago with a different serial number... so better question is where is the fob I used the week prior

So since those appeared (per video in the wrong spot) after a hue and device wipe, and that sea plane and title, in what universe does anyone believe he has the ability to deny me anything that is mine

Got a harassing message about some either illegal or embarrassing video via use of a douplegabger or some such.... But I will say facts do not matter to Rob and he's not above faking whatever is needed, as well as creating an entire OnlyFans of his torture of Alex for others to console

Since Rob believes screwing with medication is fair game, wonder if that means who he donated too should, for example, have their anti-rejection meds taken from them after all

...but no evidence on video or forensic evidence.

He had a lot of PTSD attacks when he was living with us. I witnessed them. For a while I was able to calm him down and avert a full blown panic.

But I will forward your information to the Detective. You have something in a Drop Box?

Let's talk again soon. Oh, right now we're looking at a Celebration of Life

perhaps I'll talk to you about it if we can talk?)

Would you please consider calling me

I'm so stunned right now

I have some data here let me collect my files and I will have to find a way to forward it

devastated about Alex.. and I'll admit I'm frightened over all of this... I also have some paperwork. Omg..I wish I would have known something.. anything...Alex was with me nearly a year.. and the pain I saw him endure was heart shattering...
THANK YOU

I'm literally stunned and in shock

And questioning what truly happened to Chad.. bcuz his death was suspicious also. It was classified as "undetermined" so I just told everyone it was a suicide. I still have no answers after nearly 9 years.

QUESTIONS ABOUT IT

This also terrifies me in my own son's death.. that was classified as undetermined... I was told by Alex that Chad was his one true love and had plans to propose to Chad??? That Tina had already made reservations for the venue. And Chad died Oct 17/2016.

Alex showed me video footage of "apparently an FBI/DEA setup to catch" Alex "selling mdma to an undercover cop?"

Only.. it was my son Chad that was in the video and apparently the recording. Alex told me Chad was scared to do this, that he didn't want too and Alex promised he would only have to do it once...

I was told this by Alex at Chads memorial in 2017 (Ironic?? That it's

It's helpful to show a pattern, do you remember telling me that at the time though?

JUL 7, 2022 AT 6:50 PM

Yeah, I remember making a comment to you. I honestly don't remember how serious I was, though. I remember him moving to Seattle shortly after I moved here, and I may have said "he must be stalking me" but I could've meant it as a joke. It's been so long I don't even remember where I met him in LA.

Mind if I ask? When it was 2011 and we met you had said to me Rob Mark had stalked you in LA. Was there ever a police report number or a protective order of any kind?

I hate asking but things had escalated that I feel for my safety

No worries. No police report, and it's been so long i honestly don't even
